

This market will resolve to “No” if any of the following conditions are met between market creation and December 31, 2026, 11:59PM ET:

- Taylor Swift and Travis Kelce do not get married
- Tom Holland and Zendaya do not get married
- Timothée Chalamet and Kylie Jenner do not get engaged

Otherwise, this market will resolve to “Yes”.

If any mentioned couple announces that they will end their romantic relationship within the stated timeframe, this market will resolve to “No”.

1. Taylor Swift and Travis Kelce do not get married

This market will resolve to “No” if Taylor Swift and Travis Kelce’s marriage does not take place by December 31, 2026, 11:59PM ET.

The primary resolution source for this market will be information from Travis Kelce and Taylor Swift, however a consensus of credible reporting will also be used.

2. Tom Holland and Zendaya do not get married

This market will resolve to “No” if Tom Holland and Zendaya’s marriage does not take place by December 31, 2026, 11:59PM ET.

The primary resolution source for this market will be information from Tom Holland and Zendaya, however a consensus of credible reporting will also be used.

3. Timothée Chalamet and Kylie Jenner do not get engaged

This market will resolve to “No” if it is not announced that Kylie Jenner is engaged to be married to Timothée Chalamet by December 31, 2026, 11:59 PM ET.

If it is announced that Kylie Jenner and Timothée Chalamet have married, it will qualify as an engagement.

The primary resolution source for this market will be information from Kylie Jenner and/or Timothée Chalamet or one of their representatives, however a consensus of credible reporting will also be used.
